THE DAILYAIDE

A practical way to an orderly day

ONE mind and a million things to think about. That's the lot of the average busy office person and of the busy homeworker as well.

So DAILYAIDE comes to aid you—as a second mind; to multiply your memory; an efficient, never-failing secretary in well arranged book form.

DAILYAIDE is an improvement over other desk calendars and reminders. It is designed to receive annotations of appointments; things to be done—tomorrow, next week or months hence. Jot them down, forget them and DAILYAIDE will remind you at the proper time, if you use it.

DAILYAIDE also contains many pages of important information—facts you may need in a hurry—Personal Data easily forgotten—Facts about Postal Regulations, about your country, its flag—about weights, measures, etc. This information is in the front of the book where it is handy.

Get acquainted with DAILYAIDE now. Realize how helpful it can be. Realize that it is much more usable than other books of its kind—a valuable help. Make a practice of *using* it each day.

Then we are sure you will want to do your friends a kindness by recommending DAILYAIDE to them as the most practical, economical and convenient book of its kind.

THE NATIONAL FLAG CODE

The rules for displaying the American Flag, as adopted by the National Flag Conference, are as follows:

1. The flag should be displayed from sunrise to sunset, or between such hours as may be designated by proper authority. It should be displayed on holidays and special occasions.

2. When carried in a procession with another flag or flags, the flag of the United States should be either on the marching right, i.e., the flag's own right, or when there is a line of other flags the flag of the United States may be in front of the center.

3. When displayed with another flag against a wall from crossed staffs, the flag of the United States should be on the right, the flag's own right, and its staff should be in front of the other flag.

4. When a number of flags are grouped and displayed from staffs, the flag of the United States should be in the center or at the highest point.

5. When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States, the national flag should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first. No flag or pennant should be placed above or to the right.

6. When flags of two or more nations are displayed they should be flown from separate staffs of the same height and the flags should be of approximately equal size.

7. When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony, or front of building, the union of the flag should go to the head of the staff unless the flag is at half mast.

8. When the flag of the United States is displayed in a manner other than by being flown from a staff it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, i.e., to the observer's left. When displayed in a window it should be displayed the same way.

9. When displayed over the middle of the street, as between buildings, the flag of the United States should be suspended vertically with the union to the north in an east-and-west street, or to the east in a north-and-south street.

10. When used on a speaker's platform, the flag should be displayed above and behind the speaker. It should never be used to cover the speaker's desk nor to drape over the front of the platform. If flown from a staff it should be on the speaker's right.

11. When used in unveiling a statue or monument, the flag should not be allowed to fall to the ground but should be carried aloft to wave out.

12. When flown at half staff, the flag is hoisted to the peak for an instant, and then lowered to the half staff position, but before lowering the flag for the day it is raised again to the peak. By "half staff" is meant hauling the flag down to one-half the distance between the top and bottom of the staff. If local conditions require, divergence from this position is permissible. On Memorial Day the flag is at half staff, sunrise to noon, and full staff, noon to sunset.

13. Flags flown from fixed staffs are placed at half staff to indicate mourning. When the flag is displayed on a small staff, as when carried in parade, mourning is indicated by attaching two streamers of black crepe to the spearhead.

14. When used to cover a casket the flag should be placed so that the union is at the head and over the left shoulder. The flag should not be lowered into the grave nor allowed to touch the ground.

15. When the flag is displayed in the body of the church it should be from a staff placed on the congregation's right as they face the clergyman. The service flag, the state flag, or other flags should be at the left of the congregation. If in the chancel, or on the platform, the flag of the United States should be placed on the clergyman's right; other flags on his left.

How to Figure Interest

360-DAY BASIS

The following will be found to be an easy way to figure the interest on any principal for any number of days. When the principal contains cents, point off four places from the right of the result to express the interest in dollars and cents. When the principal contains dollars only, point off two places.

FOUR PER CENT—Multiply the principal by the number of days to run, and divide by 90.

FIVE PER CENT—Multiply by number of days, and divide by 72.

SIX PER CENT—Multiply by number of days, and divide by 60.

EIGHT PER CENT—Multiply by number of days, and divide by 45.

FRIDAY

To DAY is the Birthday of _____

8:00 We went to 9³⁰ Mass. In the afternoon, Dick,
 8:30 Helen and Richard Michael came to call. He was
 9:00 dressed in a yellow sweater, blue pants, blue socks and
 9:30 the white sneakers. Michael had sent in for despite
 10:00 these circumstances looked an angel. Helen was
 10:30 a bit more cheerful and better dressed - shirt and
 11:00 sweater. Helen and Evelyn came to see the baby.
 11:30 The migration of the children tried out - with very
 12:00 little success. We had had our breakfast before it
 12:30 with some minor disaster. I got irritated with an
 1:00 unimportant cold and sore throat.

To DAY is the Birthday of _____

8:00 We stayed in bed until ten past. Then we

8:30 and went to the library and collected

9:00 new books and some regular books

9:30 Dick seemed very happy.

10:00 In the afternoon I coolly decided

10:30 that I would go down street for toilet.

11:00 I was tired anyway, as I had spent most

11:30 of the day cleaning up drawers and putting

12:00 things away after Christmas. The walk

12:30 round my back was tiresome as my feet ached.

1:00 The old bookman, tried in full force in

1:30 the may home and I had to change from

2:00 the phone out. After supper we all went

2:30 to bed--to listen to Komsomol--whose

3:00 program full Russian music was very

3:30 useful. The hit parade was good

4:00 also.

4:30 I had two good mystical books to the

5:00 music--with a charming collection with

5:30 a lady who was singing and the brief

6:00 technique--and one about Pearl

6:30 Harbor. I then read music.

Roger Baldwin supposed to

preside & he didn't show up

Earl Harrison at his best.

Lunched with 5 of us and

was most cordial.

In P. M. went to meeting

presided over by Lewis - Geo

Warren, Emri Ferencz and

Bruno Lasker. Lasker good

Warren dull & Ferencz so

thick an accent hard to

follow.

Manana I. went to meeting

& invited me to go to dinner with

her. Later she phoned to have

me come to her apartment in

the Bowery. Cost me \$2 to

go & come so dining out

no economy.

10:30 still a mystery to me. She had new fur

11:00 coat. I didn't like it --- or think it particularly

11:30 suitable for her age --- it was long haired fur-

12:00 marten etc. She has her permanent assignment.

12:30 Secretary in 2 schools in elementary district.

1:00 She prefers an inter mediate. Her superiors

1:30 are an old man named Jones whom she is

2:00 advising to retire (tactful for a new comer) and

2:30 Miss Closey whom she doesn't like. She is
